

ADDENDUM #4

RFP 20-001

**RIDLING PARK FIELD LIGHTS**

This addendum is being issued to address questions submitted on RFP 20-001.

**Q1.** Do we email you the electronic copy of the BID or is there another method/email?

**A1.** Per 1.17 One (1) fully executable (signatures included) electronic copy of the response in PDF format & Two (2) paper versions of the proposal. The original shall be clearly marked “original”.

**Q2.** For the hard copies, we are not able to FedEx it to a PO Box so are we able to mail it to the address without the PO Box number?

**A2.** Yes.

**Q3.** Is a Bond of any type required for this project?

**A3.** Per O.C.G.A. § 13-10-40, a performance bond will be required “in the amount of at least the total amount payable by the terms of the contract and shall be increased as the contract amount is increased.”

**Q4.** The RFP calls out for n=8 poles which is for the main field. Are you accepting a BID for the smaller field with n=6 poles?

**A4.** The 8 poles in the RFP is for the entire complex.

**Q5.** We understand concrete poles will not accepted, but we kindly request the reasoning for not accepting concrete poles: there is a significant savings when using concrete poles and they are functionally the same

**A5.** The RFP calls for Galvanized steel poles. That’s what we want, no exceptions.

**Q6.** RFP states static cast concrete poles are not acceptable. Are spun concrete poles acceptable??

**A6.** The RFP calls for Galvanized steel poles. That’s what we want, no exceptions.

This addendum should be signed and returned with your proposal.
